■Product specification

Power Supply: Rechargeable Battery
Input Voltage: AC100-240V 50/60Hz
Rated Output Voltage: 17.5VDC,650mA
Battery Capacity: Li-ion 14.4V 2000mAh
Charging Time: 3.5Hours
Continuously Working Time: About 20 minutes
Suction power: 2.4-3.0KPa
Dust capacity: 0.6L
Product size: 1135*265*190mm
Product weight: About 3400g

WARRANTY

Dear Customer,

Congratulations! We wish you a long and happy association with Amstrad. We would like you to know your privileges with respect to your Vacuum Cleaner

You are entitled to:

1. Repair or replacement of any parts other than plastic parts free of charge, for a period of 12 months from date of Invoice / Bill.
2. The defective part(s) shall be replaced with functionally working equivalent part(s). The removed part(s) will be OVOT PVT LTD's property.
3. These privileges are available to the original purchaser only.
4. In an event when the Vacuum Cleaner requires attention at the company's service center / authorized dealer, the purchaser should arrange to deliver the Vacuum Cleaner to the authorized service center at this cost under supervision of company's service engineer.
5. The privileges mentioned above, are for repair and replacement of defective parts only, and does not cover any consequential damages or loss or replacement of the Vacuum Cleaner itself or a refund.
6. If required, replacement of machine will be at the sole discretion of the company. Company reserves the right to replace with an equivalent model, if the same model is not available.
