Powerful Cleaning. Delicate on Fabric.

The **Amstrad 2026 Semi-Automatic Washing Machine** range is engineered with advanced features like specialised wash programmes, toughened glass with damper, multi-fin dual pulsator, thermal protection technology robust rust-resistant body, and magic filters amongst other premium features. Our lineup guarantees hygienic care without compromising on convenience. From **compact daily loads** to **heavy-duty large family loads**, Amstrad delivers durability and brilliant performance you can trust.

Fall in Love with Laundry, Every Single Day

Laundry isn't just about cleaning, it's about preserving what matters. From your favourite outfits to everyday essentials, Amstrad washing machines are crafted to deliver **gentle care with powerful performance**.

Thermal Protection Technology

Prevents motor overheating during heavy & continuous use, safeguarding the appliance's core and ensuring long-term reliability.

Toughened Glass Lid with Damper

A highly durable, scratch-resistant glass top with a soft-closing mechanism for quiet, safe, and gentle lid operation.

Magic Filters

Dual-action lint filters that trap loose threads and micro-particles to keep clothes lint-free and prevent drainage blocks.

Multi-Fins Dual Pulsator

Creates a powerful, multi-directional water flow to remove stubborn, deep-seated dirt while remaining gentle on fabrics.

Multiple Wash Programs

Offers tailored settings for every load type - gentle for delicate items, normal for everyday wear, and strong for heavy-duty laundry.

Multiple Operating Knobs

Durable dials that offer precise control over wash and spin time and fabric loads for intuitive, hassle-free operation.

Anti-Rust Body

Built with high-grade, corrosion-resistant materials that easily withstand humid environments like bathrooms and balconies.

Electric Wash Timer and Buzzer

Alerts you with an audible chime the moment a cycle finishes, eliminating the need to constantly check on the laundry.

Mobility With Castor

Sturdy, smooth-gliding wheels that allow you to move and relocate the machine across any floor surface with minimal effort.

Collar Scrubber

Equipped with a built-in manual collar scrubber to effortlessly target and remove tough stains on collars and cuffs.

Detergent Box

A specialized compartment that evenly dissolves and distributes washing powder, preventing residue and clumping on clothes.

Chrome Finish Knobs[#]

Premium, sleek control dials that add a touch of modern elegance to the panel while offering a durable, slip-free grip.

Built for durability. Designed for convenience. Trusted for everyday performance
Amstrad Washing Machines bring ease, care, and reliability into every home.

#Feature available on VR Series.

VR Series

Elegance meets effortless care.

Much more than just a Washing Machine

Introducing the **Amstrad VR Series**, featuring the **7.5 kg and 9.5 kg** semi-automatic washing machines **tailored for small households and growing families**. Designed to combine high efficiency with durability, it handles your daily laundry needs with absolute ease.

Equipped with advanced features like a toughened glass lid with a damper, thermal protection technology, multi-preset wash programs, and magic lint filters it delivers powerful performance and everyday convenience. Complete with a powerful dryer for fast moisture removal, collar scrubber, castor wheels, buzzer, and chrome finish knobs, every detail is designed for a seamless, worry-free laundry.
